

National Careers Week

NCW

2ND – 7TH MARCH 2020

Background

National Careers Week (NCW) is a celebration of careers guidance and free resources in education across the UK. The aim is to provide a focus for careers guidance activity at an important stage in the academic calendar to help support young people leaving education.

Careers Week encourages education providers to bring together students, local employers and advisers through careers events and activities. During National Careers Week it is up to every school, academy and college to offer careers advice and guidance to their students. We are here to help and can provide free resources, information on current career opportunities and advice on activities and exercises to run.

To download all of our free resources just head over to the NCW website!

How?

We will achieve this by continuing to work with all stakeholders responsible for addressing the issue of quality CEIAC provision in the UK.

EMPOWERING STUDENTS

Providing quality free CEIAG resources and linking education with the world of employment to ensure students get an important insight to the future of work and further learning. Better informed students result in better decision making.

EMPOWERING EDUCATORS/ADVISORS

All of our resources are free to use in classrooms and colleges. You can be assured that by being mapped against the Gatsby Benchmarks, they will enhance and support the work you do. Our website shares some great case studies of how teachers and advisers around the UK have been inspiring young people during Careers Week – feel free to get some ideas.

EMPOWERING ORGANISATIONS

The opportunities for organisations to promote their training or careers opportunities to future generations are limited; schools and colleges have little time for extended CEIAG activities. This is why NCW is so important – we create the time and provide the opportunity for Organisations to engage and inspire.
